

Robin Fisher is an alumna of Jamestown High School and completed her B. S. in Management Engineering and B. S. in Physics/Mathematics Secondary Education at Grove City College.

She retired from Greenville Area School District following a 32.5 year career as a physics/mathematics teacher at Greenville High School. Over the course of her tenure at GHS, Robin coached the Lady Trojans varsity basketball team to its first ever region championship, served as the first female athletic director in Mercer County, and was elected by her colleagues as President of the Greenville Education Association. In addition to her responsibilities as a member of the Greenville Area School District Educational Foundation Board, Robin also is a member of the GASD Athletic Hall of Fame Committee.

Robin and her husband Tom Fisher (a proud Thiel College alumnus) live on Pymatuning Lake. Their son, T. J. Fisher, is a graduate of GHS, Thiel College, and the Mercyhurst University Physician Assistant program, and their daughter-in-law, Dr. Joelle Fisher, is a graduate of Thiel College and the Southern University of Optometry.

Regarding her service as a board member, Robin shared, “I taught Greenville students for over 30 years, and it is truly a privilege to continue to serve the students of Greenville in my retirement by being a member of the GASD Educational Foundation. In just a few short years, the Foundation has had a positive impact on the school district. I am honored to be a part of an organization that enhances educational opportunities for Greenville students.”
